 Varun-Patidar

 Varun Patidar

SKILLS

- ❖ HTML, CSS, JavaScript ❖ SQL (MySQL)
- ❖ Data Structures & Algorithms (Java)
- ❖ MERN Stack (MongoDB, Express.js, React.js, Node.js)

EDUCATION

- ❖ B.Tech in Computer Science Information Technology | Institute of Engineering & Science, IPS Academy, Indore & (Expected Graduation: 2028)
- ❖ XII (CBSE) | Aaditya Vidya Vihar, Khargone

ACADEMIC PROJECTS

- ❖ **Airbnb Clone – Home Listing & Review Platform** | <https://varunbnb.onrender.com>
Developed a full-stack Airbnb-inspired web application that allows users to browse property listings, create accounts, log in securely, add new listings, upload images, and post reviews.
Built using HTML, CSS, JavaScript, EJS, Node.js, Express.js, and MongoDB.
Implemented user authentication, CRUD operations for listings, image management, and a review system to provide an interactive user experience.
- ❖ **ApnaVideoCall (Zoom Clone) – Real-Time Video Conferencing Platform**
Developed a real-time video conferencing application with secure user authentication, meeting creation, live chat, screen sharing, and meeting history. Used WebRTC for peer-to-peer video/audio communication, Socket.IO for real-time signaling, and MongoDB for data storage. Built with React.js, Node.js, Express.js, MongoDB, Socket.IO, and WebRTC.
<https://apnavideozoomfrontend.onrender.com>
- ❖ **Weather App – APIs based Weather Application**
Developed a React-based weather application that fetches real-time weather data using APIs and displays city-specific information, including temperature, humidity, minimum/maximum temperature, weather conditions, and feels-like temperature, along with relevant weather images to enhance the user experience and visual appeal.
